Chairman, China Federation of Industrial Economics

Hamburg Chamber of Commerce

November 25, 2004

Your Excellency Mr. President:

On the occasion of the opening of Hamburg Summit, on behalf of China Federation of Industrial Economics-- the united organization of Chinese industrial associations, I hereby extend my sincere congratulations for the successful opening of this summit.

Hamburg Summit is an important economic event and sets up an important platform for Chinese and European leaders to discuss about the Sino-European relationships. It will undoubtedly provide a golden opportunity for celebrities from Chinese and European industrial circles to communicate, coordinate and improve mutual trust, which will establish a much wider platform for Sino-European international cooperation.

China Federation of Industrial Economics is willing to join hands with you to take great efforts to make this platform being established much stronger and more vigorous.

Finally, I wish the summit a complete success.
